Printed by Velocruz, U.S. distributor of Solex motorcycles.

# The Famous Black Silhouette

The Solex motor bicycle, not sold in the United States since the late 1970s, has returned! To those familiar with the iconic French bicycle, its return will come as welcome news, while those yet unfamiliar with the Solex are sure to become fans of this economical, reliable and fun form of transportation.

## THE SOLEX MAKES MEMORIES

Anyone who rides a Solex knows it is more than just a bike. It is an instant memory maker. You will love it so much that it will become a part of the family. And, with its distinctive style, you will be the talk of the town!

A Bicycle for the Masses

*Solex*

VeloCruz President Tommie Matthews, (right) and Impex President Georges Safar, (left) sign the agreement that brought the Solex back to the United States.

## THE SOLEX IS EASY TO OWN

In most states it is classified as a bicycle (its engine is less than 50 cc) meaning that no title or registration is required. In addition, VeloCruz stands behind each Solex it sells, offering a limited one-year warranty.

## THE SOLEX IS WORLDWIDE

Built in Hungary according to the original French plans, the Solex is currently sold on four continents. In the last two years, more than 6,000 Solex motorbicycles have been made and sold around the world.

## THE SOLEX LEGEND

- Incredible gas mileage. The Solex travels over 200 miles on one gallon of fuel.
- It is lightweight—only 62 pounds!
- Its Classic European styling.
- Its low impact on the environment, operating at just 65 decibels.
